Rail Supply Group

The Rail Supply Group (RSG) is the leadership body for the rail supply sector, uniquely bringing together Government and the private sector to champion the rail supply chain.

Formed in 2014, the RSG is the only rail body to have members from Government and the private sector focusing on supporting and enhancing the rail supply chain, from SMEs to multi-national companies across the UK.

The RSG focusses on four areas of work: driving growth; accelerating innovation; doubling exports and improving skills. The RSG is Co-Chaired by Gordon Wakeford from industry.
